

B.H.M.S. [1st Prof.] 281

[Direct Course]

BF/2008/06

Anatomy - A

[New Scheme]

M.M. : 90

Time : 3 Hours

Note : Attempt all questions.

Illustrate your answers with suitable diagrams.

1. Name the extrinsic and intrinsic muscles of the Tongue. Explain the action of the extrinsic and intrinsic muscles. Give the nerve supply of the tongue. [6+6+8]
2. Give an account of the floor of fourth ventricle. What are the communications of the fourth ventricle? [18+2]
3. Name the muscles of the anterior compartment of the arm. Describe their origin, insertion, nerve supply and actions. [15]
4. Describe the course, relation and distribution of the median nerve in forearm and hand. What is Carpal tunnel syndrome. [12+3]
5. Write short notes on [any FOUR]: [4x5=20]
 - a. Carotid triangle.
 - b. Nasal septum.
 - c. Isthmus of the Thyroid gland.
 - d. Clavipectoral fascia.
 - e. First pharyngeal arch.

B.H.M.S. [1st Prof.] 229
[Direct Course]
BF/2008/06

Anatomy – B
[New Scheme]

M.M. : 90

Time : 3 Hours

Note : Attempt all questions.

1. Describe the boundaries and contents of Femoral triangle. [15]
2. Describe in detail:
 - a. Portal vein. [8]
 - b. Internal mammary artery. [7]
3. Describe the parts, positions, relations and blood supply of the Uterus. [15]
4. Describe shortly on :
 - a. Pleural abscess. [7]
 - b. Visceral relation and bare areas of liver with their applied aspect. [8]
5. Write short notes on: [5x6=30]
 - a. Lymphatic drainage of breast.
 - b. Foot drop.
 - c. Positions of Vermiform appendix.
 - d. Pouch of Douglas.
 - e. Peritoneal abscess.

B.H.M.S. [1st Prof.] 287

[Direct Course]

BF/2008/06

Physiology - A

[New Scheme]

M.M. : 90

Time : 3 Hours

Note : Attempt all questions.

1. Define Erythropoiesis. Write stages of Erythropoiesis and factors affecting it. [20]
2. What are different Heart Sounds. Write in detail. Write its applied physiology. [20]
3. What do you know about Anoxia? What are its different classification. Write in detail. [15]
4. Write in detail formation, circulation and function of Aqueous humor. [15]
5. Write short notes on: [20]
 - a. Diffusion.
 - b. Formation of Urine.
 - c. Nervous regulation of body temperature.
 - d. Function of Reticulo-Endothelial system.

B.H.M.S. [1st Prof.] 224

[Direct Course]

BF/2008/06

Physiology - B
[New Scheme]

M.M. : 90

Time : 3 Hours

Note : Attempt all questions. Draw labeled diagrams wherever necessary.

1. **Write notes on:**
 - a. Glycogenesis. [4¹/2]
 - b. Role of ADH. [4¹/2]
 - c. Krebs cycle. [4¹/2]
 - d. Scurvy. [4¹/2]
2. **Write notes on:**
 - a. Regulation of Thyroid secretion. [4¹/2]
 - b. Importance of Mastication. [4¹/2]
 - c. Function of Pancreatic Juice. [4¹/2]
 - d. Function of CCK and PZ. [4¹/2]
3. **Write notes on:**
 - a. Function of Basal ganglia. [4¹/2]
 - b. Conditional reflex. [4¹/2]
 - c. Function of C.S.F. [4¹/2]
 - d. General properties of Smooth muscles. [4¹/2]
4. **Write notes on;**
 - a. Enumerate function of Bile. [6]
 - b. Ovarian cycle. [6]
 - c. Pubertal change in Girls. [6]

B.H.M.S. [1st Prof.] 225

[Direct Course]

BE/2008/06

Homopathic Materia Medica

[New Scheme]

M.M. : 90

Time : 3 Hours

Note : Attempt all questions.

1. Describe the different ways of studying homoeopathic materia medica. [20]
2. Write down the Coryza symptoms of following: [20]
 - a. Aconite N.
 - b. Allium Cepa.
 - c. Antim Tart.
 - d. Nux Vom.
3. Describe the babies of: [2x5=10]
 - a. Chamomilla.
 - b. Cina.
4. Write down the Skin symptoms of: [4x5=20]
 - a. Apis Mel.
 - b. Calc. Sulph.
 - c. Dulcamara.
 - d. Rhustox.
5. Describe the following: [4x5=20]
 - a. Colocynth in Colic.
 - b. Colchicum in Rheumatism.
 - c. Euphrasia in Eye trouble.
 - d. Ipicac in Vomiting.

B.H.M.S. [1st Prof.] 226

[Direct Course]

BF/2008/06

Homoeopathic Pharmacy
[New Scheme]

M.M. : 90

Time : 3 Hours

Note : Attempt THREE questions from Each Section.

Section-A

1. What is Pharmacy. Explain the sources of homoeopathic pharmacy with examples. [15]
2. What do you mean by Drug dynamization. Explain the different methods of dynamization. [15]
3. Describe Pharmaconomy. Mention various routes of administration of homoeopathic drugs. [15]
4. Write short notes on: [3x5]
 - a. Determination of moisture content.
 - b. Percolation.
 - c. Maceration.

Section-B

5. What do you mean by Prescription writing. Explain different parts of prescription with example. [15]
6. Explain various sources of homoeopathic drugs with 2 examples of each. [15]
7. Describe scope of homoeopathic Pharmacy with materia medica with examples. [15]
8. Write short notes on: [3x5=15]
 - a. Common Name.
 - b. Posology.
 - c. Cosmetic act.

B.H.M.S. [1st Prof.] 887

[Direct Course]

BF/2008/06

Organon of Medicine

[New Scheme]

M.M. : 90

Time : 3 Hours

Note : Attempt any SIX questions.

1. **Totality of symptoms is the only indication, the sole indication to the selection of remedy- write your views.** [15]
2. **Describe in brief:** [3x5=15]
 - a. Therapeutic law of nature.
 - b. Difficulties in depending on nature for the cure of disease.
 - c. Acute and chronic miasm.
3. **Describe:** [3x5=15]
 - a. Discovery of homoeopathy.
 - b. Law of minimum dose.
 - c. Aude sapare.
4. **Describe role of Vital force in health, disease and cure.** [15]
5. **Define and explain:**
 - a. Symptom. [10]
 - b. Mission. [5]
6. **Describe importance of knowledge of Psychology for a homoeopathic physician.** [15]
7. **Write short notes on:** [3x5=15]
 - a. Comprehensible principles.
 - b. Doctrine of drug proving.
 - c. Dynamization.

B.H.M.S. [2nd Prof.] 287

[Direct Course]

BF/2008/06

Pathology - A

[New Scheme]

[M. : 45

Time : 3 Hours

ote : Attempt all questions. Draw suitable diagrams wherever necessary.

What is Inflammation? Describe the pathology of Inflammation.

[2+7=9]

Write short notes on:

[3x3=9]

- a. Foreign body Giant Cell.
- b. Commonest causes of Hemorrhage.
- c. Fatty degeneration.

Enumerate aetiopathogenesis of Bronchogenic carcinoma.

[9]

Comment on:

[3x3=9]

- a. Lesion of Osteoarthritis.
- b. Commonest tumor of Stomach.
- c. Outcome of Diabetes Mellitus.

Write in brief:

[3x3=9]

- a. Mal absorption syndrome.
 - b. Pathological changes in Osteoma.
 - c. Thrush.
-

B.H.M.S. [2nd Prof.] 229

[Direct Course]

BF/2008/06

Pathology - B

[New Scheme]

I.M. : 45

Time : 3 Hours

Note : Attempt all questions. Draw diagram wherever required.

Give the morphology of the followings:

[3x5=15]

- a. Plasmodium Vivex.
- b. Leishmania Donovan.
- c. Taenia solium

Describe the pathological changes produced by the followings:

- a. Salmonella.
- b. Staphylococci.
- c. Neisseria.

[3x5=15]

Write short notes on any THREE:

[3x5=15]

- a. Widal test.
 - b. Passive immunization.
 - c. Fixation and embedding in histopathological techniques.
 - d. Rabies.
-

B.H.M.S. [2nd Prof.] 230

[Direct Course]

BF/2008/06

Organon of Medicine

[New Scheme]

L.M. : 90

Time : 3 Hours

ote : Attempt any SIX questions.

What do you mean by Vital principle. [15]

How do we regard acute disease? Mention its type and homoeopath treatment [15]

Why should we have a written record of each case. [15]

What are subjective and objective symptoms? Write their importance. [15]

When do we place much emphasis on objective symptoms & why? [15]

What does natural disease mean? [15]

Totality of the symptoms is the only indication, the only guide to the selection of a remedy. Justify. [15]

B.H.M.S. [2nd Prof.] 231

[Direct Course]

BF/2008/06

Materia Medica

[New Scheme]

M.M. : 90

Time : 3 Hours

Note : Attempt all questions.

1. Draw a picture of Platina Met. [20]
 2. Explain:- [20]
 - i) Rhumatisum of Ledam Pal and Rhustox.
 - ii) Injury of Calendulla and Arnica Montana.
 3. Write down the female symptoms of following medicines: [20]
 - i) Kreosatum.
 - ii) Bovista.
 - iii) Sepia.
 - iv) Ignatia.
 4. Compare the symptoms in following headings: [15]
 - i) Skin symptoms of Silicea and Heper Sulph.
 - ii) Constipation of Opium and Nux Vomica.
 - iii) Cough symptoms of Drosera and Spongia tosta.
 5. Explain : [15]
 - i) Delirium of Baptisia Tinctur.
 - ii) Liver symptoms of Chelidonium Maj.
 - iii) Dropsy of Acetic acid.
-

B.H.M.S. [2nd Prof.] २३२

[Direct Course]

BF/2008/06

Forensic Medicine

[New Scheme]

M.M. : 90

Time : 3 Hours

Note : Attempt all questions.

1. What is Evidence? What are its types? Describe the procedure of recording evidence in a court of law. [15]
2. Write short notes on: [3x5=15]
 - a. Adipocere.
 - b. Privileged communication.
 - c. Grievous hurt.
3. Differentiate between: [3x5=15]
 - a. Human and animal hair.
 - b. Incised and Lacerated wound.
 - c. Antemortem and Post mortem burns.
4. Describe the symptoms, signs and treatment of Dhatura poisoning. Describe the medicolegal aspects of such a poisoning. [15]
5. Define Hanging. What are its various types? Describe various causes of death in case of hanging. [15]
6. What do you mean by the term 'Viability'? What is its medicolegal importance? What parameters would you consider to determine the age of 'viability'? [15]

B.H.M.S. [3rd Prof.] 233

[Direct Course]

BF/2008/06

Surgery - A

[New Scheme]

M.M. : 90

Time : 3 Hours

Note : Attempt any FIVE questions.

1. Describe etiology, clinical types, signs & symptoms and treatment of Gangrene. [18]
2. How you will manage a case of 70% burn. [18]
3. Discuss pathology, clinical features, staging and management of Hodgkin's Lymphoma. [18]
4. Describe sign, symptoms and treatment of Acute Mucopurulent Conjunctivitis. [18]
5. Describe the types of Cataract and their management. [18]
6. Write short notes on any THREE: [18]
 - a. Sebaceous cyst.
 - b. Enteropion.
 - c. Cellulitis.
 - d. Primary megacolon.
 - e. Keloid.

B.H.M.S. [3rd Prof.] 234

[Direct Course]

BF/2008/06

Surgery - B

[New Scheme]

M.M. : 90

Time : 3 Hours

Note : Attempt all questions.

1. Discuss pathophysiology, clinical features, diagnosis and management of "Primary toxic Goitre". [18]
 2. Explain causes, pathology, clinical features and diagnosis of Rectal Carcinoma. [18]
 3. Discuss pathogenesis, diagnosis and management of Liver abscess. [18]
 4. What do you mean by Sinucitis? Discuss its aetiology, signs/symptoms, complications and management. [18]
 5. **Write short notes on:** [18]
 - a. Mammary abscess.
 - b. Dental cyst.
 - c. Alveolar abscess.
-

B.H.M.S. [3rd Prof.] Q35
[Direct Course]
BF/2008/06

Surgery - C
[New Scheme]

M.M. : 90

Time : 3 Hours

Note : Attempt all questions.

1. How will you manage a case of Abdominal pain with homoeopathy?
[18]
 2. What is Epistaxis? How will you manage a case of Epistaxis with homoeopathy?
[18]
 3. What is Chronic Rhinitis? How will you manage a case of Chronic Rhinitis with homoeopathy?
[18]
 4. What is Hyperthyroidism? How will you manage a case of Hyperthyroidism with homoeopathy?
[18]
 5. What is Acute Conjunctivitis? How will you manage a case of acute Conjunctivitis with homoeopathy?
[18]
-

B.H.M.S. [3rd Prof.] 236

[Direct Course]

BF/2008/06

Obstetrics & Gynaecology - A

[New Scheme]

M.M. : 90

Time : 3 Hours

Note : Attempt all questions.

1. How will you diagnose breech presentation. Explain the mechanism of labour in breech presentation. [20]
2. Write notes on: [20]
 - a. Recurrent abortion.
 - b. Abruptio placenta.
3. Discuss the aetiology, signs and symptoms of retroversion of Uterus. [20]
4.
 - a. Outline the management of true postpartum haemorrhage. [5]
 - b. Indications of Caulophyllum and Pulsatilla in prolonged labour. [5]
 - c. Clinical features of puerperal sepsis. [5]
 - d. Discuss two homoeopathic remedies for Uterine fibroid. [5]
5. Write down any TWO: [10]
 - a. Write down the signs and symptoms of second trimester of pregnancy.
 - b. Complications of Eclampsia.
 - c. Lochia.
 - d. Subinvolution of Uterus.

B.H.M.S. [3rd Prof.] 837

[Direct Course]

BF/2008/06

Obstetrics & Gynaecology - B

[New Scheme]

M.M. : 90

Time : 3 Hours

Note : Attempt all questions.

1. Describe the clinical features, classification and management of fibromyoma uterus in young woman of 25 years of age. [18]
2. Discuss the causes of Post-coital bleeding per vagina. How will you diagnose CA cervix. Discuss the management and stage of CA Cervix. [18]
3. **Write short notes on:** [3x6=18]
 - a. Pap smear.
 - b. Figo classification.
 - c. Colposcopy.
4. **Write notes on[any THREE]:** [3x6=18]
 - a. Puberty menorrhagia.
 - b. D & E.
 - c. Pyometra.
 - d. Turner's syndrome.
5. **Write short notes on:** [3x6=18]
 - a. Ovulation.
 - b. Sheehan's syndrome.
 - c. Klinefelter's syndrome.

B.H.M.S. [3rd Prof.] 038

[Direct Course]

BF/2008/06

Obstetrics & Gynaecology - C

[New Scheme]

M.M. : 90

Time : 3 Hours

Note : Attempt all questions.

1. How you will manage a case of Hyperemesis gravidarum? Describe 5 homoeopathic medicines with proper indication. [18]
 2. Write the management of APH with 5 homoeopathic medicines. [18]
 3. Write the management of a 10 years girl suffering from Pruritus vulvae. Mention 5 homoeopathic medicines according to aetiology. [18]
 4. Describe the following medicines for the cases of: [18]
 - a. Leucorrhoea ---- Bovista & Kreosotum.
 - b. Uterine fibroid --- Murex & Aurum mur.
 5. Mention 2 homoeopathic medicines for each with proper indication:---
 - a. Chancroid.
 - b. Syphilis.
 - c. Acute gonorrhoea. [3x6=18]
-

B.H.M.S. [3rd Prof.] 239

[Direct Course]

BF/2008/06

Homoeopathic Materia Medica

[New Scheme]

M.M. : 90

Time : 3 Hours

Note : Attempt all questions.

1. a. Justify that constitutional symptoms are important for selection of Similimum. [10]
 b. Write down constitution of SULPHUR. [10]
2. a. Compare symptoms of Epilepsy of --- Bufo Rana and Cuprum Met. [10]
 b. Compare symptoms of G.I.T. of Croton tig and China[Cinchona off]. [10]
3. Compare symptoms of headache of Gelsemium and Natrum mur. [10]
4. a. Compare Urinary symptoms of Cannabis Sativa and Teribinthina. [10]
 b. Write down Mental symptoms of -Thuja and Aurum Met. [10]
5. a. Write down symptoms of Injury of Aconite nap and Ledum Pal. [4]
 b. Write down symptoms of Cough of Kali Carb & Phosphorus. [4]
 c. Compare symptoms of Locomoter system of Zincum Met & Causticum. [4]
 d. Compare Male symptoms of Agnus Castus and Selenium. [4]
 e. Compare symptoms of Coryza of Allium Ceba and Arsenic alb. [4]

B.H.M.S. [3rd Prof.] 240
[Direct Course]
BF/2008/06

Organon of Medicine
[New Scheme]

M.M. : 90

Time : 3 Hours

Note : Attempt all questions.

1. Write down about over sensitive patients. [15]
 2. What is Second Prescription? [15]
 3. Explain 'Cure and Recovery'? [15]
 4. Write down about scope of Homoeopathy. [15]
 5. What is Dynamic action of drugs? [15]
 6. **Write short notes on:** [15]
 - a. Repertory.
 - b. Natural disease.
 - c. Diet.
-

B.H.M.S. [4th Prof.] 241

[Direct Course]

BF/2008/06

Practice of Medicine-A

[New Scheme]

M.M. : 90

Time : 3 Hours

Note : Attempt all questions. Answers should be brief and to the point.

Do not discuss therapeutics aspect or indications of medicines.

1. **Write short notes on:** [3x5=15]
 - a. Scurvy.
 - b. Tetany.
 - c. Apex beat.
2. Discuss the etiology, clinical features, investigations and complications of Bronchial asthma with its Miasmatic diagnosis and general management. [2+3+2+3+2+3=15]
3. Discuss the etiology, clinical features, investigations and complications of Peptic Ulcer with its miasmatic diagnosis and general management. [2+3+2+3+2+3=15]
4. Discuss the etiology of Malnutrition. Describe the clinical features of Marasmus with its miasmatic diagnosis. Mention the general and primary preventive measures in its management. [3+4+2+3+3=15]
5. Discuss the etiology, clinical features, investigations and miasmatic diagnosis of Type-I Diabetes Mellitus. Mention the long term complications with general management. [2+3+3+2+3+2=15]
6. **Write short notes on:** [3x5=15]
 - i) Heat stroke.
 - ii) Bronchial breathing.
 - iii) Puberty goitre.

B.H.M.S. [4th Prof.] 242

[Direct Course]

BF/2008/06

Practice of Medicine-B

[New Scheme]

M.M. : 90

Time : 3 Hours

Note : Attempt all questions.

1. Write an essay on 'Acute Renal failure'. [15]
 2. Discuss etiopathogenesis, clinical features, investigations and management of 'Portal Hypertension'. [15]
 3. Write in detail about 'Cerebral thrombosis'. [15]
 4. Write etiopathogenesis, clinical features, investigations and management of 'Hodgkin's disease'. [15]
 5. Discuss in detail ----'Heart failure'. [15]
 6. Write short notes on: [15]
 - a. Hyponatremia.
 - b. Mental retardation.
 - c. S.L.E.[Systemic Lupus Erythematosus]
-

B.H.M.S. [4th Prof.] 243

[Direct Course]

BF/2008/06

Practice of Medicine-C

[New Scheme]

M.M. : 90

Time : 3 Hours

Note : Attempt all questions.

1. Give the indications of 5 homoeopathic medicines for Typhoid. [15]
 2. Write indications for 5 homoeopathic medicines in Bronchitis. [15]
 3. Write the indications of following medicines in Epilepsy: [15]
 1. Cicuta Virosa.
 2. Cupr. Met.
 3. Nux Vom
 4. Belladonna.
 5. Stramonium
 4. Write the indications of 5 homoeopathic medicines in Myocardial infarction. [15]
 5. Give the indications of following medicines in Jaundice. [15]
 1. Chamomilla.
 2. Digitalis.
 3. China.
 4. Carbo Veg.
 5. Lycopodium
 6. Give the indications of 5 homoeopathic medicines in Nephrotic syndrome. [15]
-

B.H.M.S. [4th Prof.] 244

[Direct Course]

BF/2008/06

Homoeopathic Materia Medica-A

[New Scheme]

M.M. : 90

Time : 3 Hours

Note : Attempt all questions.

1. Write down in detail the pen picture of "Arsenic Alb". [20]
 2. Describe five characteristic indications of each of the following medicines: [20]
 - a. Apis Mellifica.
 - b. Ferrum phos.
 - c. Borax.
 - d. Alumina.
 3. Compare the following medicines as given below: [20]
 - a. Aconite nap and Bryonia alb in Fever.
 - b. China(Cinchona off) and Lycopodium -- GIT symptoms.
 - c. Antim Tart and Ipecac - Respiratory symptoms.
 - d. Bismuth and Phosphorus - Vomiting.
 4. Describe the Female symptoms of the following medicines: [15]
 - a. Ammonium Carb.
 - b. Kreosote.
 - c. Platina met.
 5. How homoeopathic Materia Medica is constructed. [15]
-

B.H.M.S. [4th Prof.] 248
[Direct Course]
BF/2008/06

Homoeopathic Materia Medica-B
[New Scheme]

M.M. : 90

Time : 3 Hours

Note : Attempt all questions.

1. **Elucidate Pyrexia symptoms of:** [15]
 - a. Capsicum.
 - b. Eupatorium perfoliatum.
 - c. Pyrogenium.
 2. **Pent down Respiratory symptoms of:** [15]
 - a. Corallium rubra.
 - b. Mephitis.
 - c. Lobelia inflata.
 3. **Narrate Female symptoms of:** [15]
 - a. Caulophyllum.
 - b. Helonias.
 - c. Jonosia asoka.
 4. **Describe Paediatric features of:** [15]
 - a. Abrotanum.
 - b. Magnesia carbonica.
 - c. Rheum.
 5. **When would you use the following medicines for:** [15]
 - a. Coffea --- Insomnia symptoms.
 - b. Condurango---Mouth symptoms.
 - c. Lac defloratum --- Breast symptoms.
 6. **What are the common characteristic features of "Nosodes"? Describe Medorrhinum.** [15]
-

[Direct Course]
BF/2008/06

Case Taking & Repertory
[New Scheme]

M.M. : 90

Time : 3 Hours

Note : Attempt all questions.

1. **Write short notes on:** [3x5=15]
 - a. Physical and mental generals.
 - b. Concomitant symptoms.
 - c. Modalities.
 2. "Kent repertory is said to be the best repertory". Discuss with justifications. [15]
 3. Give the advantages and disadvantages of Boger-Boeninghausen's repertory. [15]
 4. Discuss Case-taking. What are the difficulties of taking the case in a Hypochondriac patient. [15]
 5. **Write short notes on[any THREE]:** [3x5=15]
 1. Knerr's repertory.
 2. Bell's Diarrhoea.
 3. Murphy's repertory.
 4. Phatak's concise repertory.
 6. **Write in brief:** [3x5=15]
 1. How to select a repertory.
 2. Computer repertory.
 3. Differentiate between Rubric & Symptom.
-

B.H.M.S. [4th Prof.] 247

BF/2008/06

Community Medicine

[New Scheme]

M.M. : 90

Time : 3 Hours

Note : Attempt all questions.

1. Discuss the concept and importance of risk factor theory of disease. [15]
 2. Write short notes on following:
 - a. Prevention of nutritional anaemia in mothers. [7]
 - b. School health services. [8]
 3. Write the importance of Rural sanitation. Give brief outline of methods to maintain the same. [7+8]
 4. Write short notes on the following:
 - a. Clinical features and management of a case of Cholera. [9]
 - b. Prevention of Taeniasis. [6]
 5. Compare the following:
 - a. Efficacy of Oral contraceptive and IUCD. [7]
 - b. PPI/DOTS. [8]
 6. Write short notes on:
 - a. Five year plans. [8]
 - b. Role of health education in promoting family welfare. [7]
-

[Direct Course]

BF/2008/06

Organon of Medicine-A

[New Scheme]

M.M. : 90

Time : 3 Hours

Note : Attempt all questions.

1. Discuss some of the important aspects of homoeopathic case taking with their significance in homoeopathic prescribing. [18]
 2. Discuss what is homoeopathy and how homoeopathy spread to various countries. [18]
 3. What do you mean by concept of susceptibility? Justify why do we find the greater the susceptibility higher the Potency? [18]
 4. How we can understand the concept of disease? Explain various method of classification and evaluation of symptoms. [18]
 5. What are the objects of proving the drugs in homoeopathy? What is clinical proving and how it can help to cure the patient. [18]
-

B.H.M.S. [4th Prof.] 249
[Direct Course]
BF/2008/06

Organon of Medicine-B
[New Scheme]

M.M. : 90

Time : 3 Hours

Note : Attempt all questions.

1. Give an outline of the Totality of a case. What are the symptoms, which patient frequently complains of? [15]
2. Explain dynamic action of homoeopathic remedy. [15]
3. Explain Posology. [15]
4. Describe fundamental laws of homoeopathy. [15]
5. What is Psora? Write some manifestations of latent Psora. [15]
6. **Write short notes on:** [15]
 - a. What do you mean by Kent's observation - "Symptoms take wrong direction."
 - b. Idiosyncrasies.
 - c. Importance of record keeping.
